## ABOUT ECODA

The European Confederation of Directors' Associations (ecoDa) is a non-profit association founded in December 2004 under the laws of Belgium. Through its membership of 20 national institutes of directors (the main national institutes existing in Europe), ecoDa represents around 55,000 board directors from across Europe. ecoDa's member organisations represent board directors from the largest public companies to the smallest private firms, both listed and unlisted.

### *Our Mission*

The missions are fourfold:

- I. To promote the role of directors, to develop professionalism and European governance standards;
- II. To influence the European decision-making process related to Corporate Governance;
- III. To provide services to its members, mainly by providing information regarding relevant European issues;
- IV. To facilitate the development of national director institutes dealing with Corporate Governance in Europe and attract new members.
